

**“Simmering Sunday” February 28**

## ***RACE - The Power of an Illusion***

The division of the world’s peoples into distinct groups – “red,” “black,” “white” or “yellow” - has become so deeply imbedded in our psyches, so widely accepted, many would promptly dismiss any suggestion of its falsity. Yet, that's exactly what this provocative, new DVD series claims. **Race - The Power of an Illusion** questions the very idea of race as biology, suggesting that a belief in race is no more sound than believing that the sun revolves around the earth.

Yet race still matters. Just because race doesn’t exist in biology doesn’t mean it isn’t very real, helping shape life’s chances and opportunities.
